

Cất Cánh (Takeoff) Fellowship Program

Bộ phóng cho trí tuệ Việt | The launch pad for Viet talent

Founded by Dr. Loi Nguyen & VISEMI Foundation

Cất Cánh (Takeoff) Fellowship Introduction

Founded by Dr. Loi Nguyen (Executive VP Emeritus, Marvell) & VISEMI Foundation

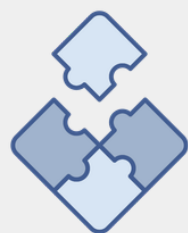

The Gaps

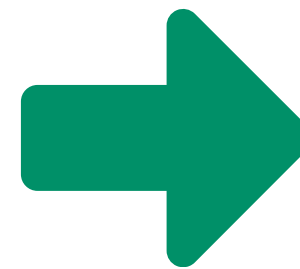

Global technical talent shortage in high-level semiconductors and advanced tech.

With **limited local MS and PhD opportunities**, fully funded programs in the USA, Taiwan, Korea, Japan, and the EU offer strong paths for talented STEM students.

Based on surveys and interviews, top STEM talent faces severe **financial, language, and strategic barriers** that limit access to overseas education.

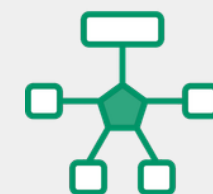

The Bridge

Delivers a structured **6-month accelerator** to help students successfully pursue fully funded graduate programs overseas.

Breaks down barriers via a **tiered financial support** and milestone-based financial funding.

Connects fellows with **VISEMI's network** of local ambassadors and tech leaders.

Builds a **alumni flywheel model** where every fellow commits to mentoring the next cohort.

6-Month Accelerator Program (06/26 - 12/26)

Pillar 1: Intensive Preparation

Structured English training and strategic application coaching.

Pillar 2: Milestone Funding

Up to \$15K per student covering English learning, testing, conference, application, and basic needs.

Pillar 3: Global Mentorship

Pair with local ambassadors and worldwide experts for application coaching and long-term placement strategy.

Tiered Financial Support

Tier 1: Full Support Grant (\$8K-\$15K)

Full support for students with excellent academic records and documented financial hardship.

Tier 2: Application Grant (\$4K-\$5K)

Targeted funding for English and application gaps.

Tier 3 & 4: Mentorship Grant (~\$1K)

Strategic network access and early research exposure

Transformative Impact with Unmatched ROI

15

Fellows Funded (Year 1 Target)

- **80%+** admission success rate.
- **\$150K** fundraising target for grants & operations.

150

Fellows Funded (5-Year Goal)

- Escalate to a global Viet tech talent network with a budget **under \$2M**.

Cắt Cánh Prep Grant*

~**\$10,000**

resolves existing roadblocks.

7x to 20x ROI

driven by the 6-month
accelerator program.

Fully-Funded Scholarship**

Average MS Program

\$70,000

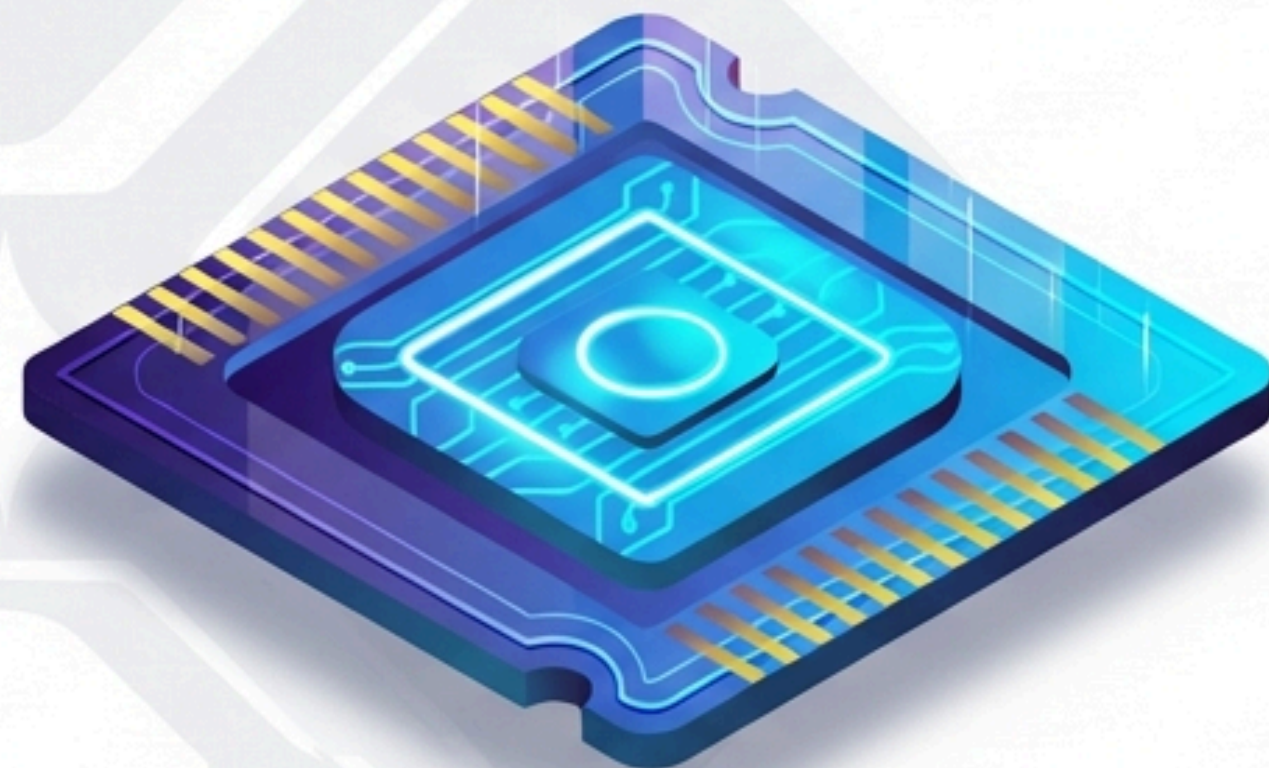

Average PhD Program

\$200,000

*An individual grant to bridge English language, research, admission fees.

**Total degree value, paid entirely by the destination host university or secured scholarship programs.

Partner With Us to Nurture Viet Talent

Scan the QR code to fill out our Partner Interest Form and connect with our founding team.

Founding Partner (\$50,000+)

- A seat on the Cắt Cánh Advisory Board.
- Quarterly strategy dialogues with program leadership.
- Featured on website, impact report, and media announcements.
- Curated access to fellows and alumni for mentoring and talent.

Leadership Circle (\$25,000+)

- Invitation to an annual leadership roundtable with Founding Partners and mentors.
- Featured on the website and in the annual impact report.
- Curated introductions to selected fellows in relevant fields.

Strategic Fellow Sponsor (\$10,000)

- Name one Cắt Cánh Strategic Fellow.
- Donor name on the fellow's profile and program materials.
- Recognition in announcements, impact reports, and websites.

Application Grantor (\$5,000)

- Recognition in announcements, impact reports, and websites.
- Invitation to selected networking and program events.
- Group briefing on cohort outcomes at the end of the cycle.

Ecosystem Contributor (\$500+)

- Name listed on Cắt Cánh donor pages and in the impact report.
- Invitation to VISEMI community events where feasible.

The Cắt Cánh Fellowship Program, founded by Dr. Loi Nguyen and VISEMI Foundation, is administered by VISEMI Foundation, a registered 501(c)(3) nonprofit organization, ensuring transparent and tax-deductible support.
