SILICON VALLEY, CALIFORNIA

UNLOCK VIETNAM'S TALENTS IN SEMICONDUCTORS

VISEMI Foundation connects Vietnamese talent with the semiconductor industry through education, mentorship, and global industry collaboration.

WHY WE EXIST

Chip demand is surging. Skilled talent is not.

Industry needs and educational output have drifted apart. We close that distance with training built to industry requirements, so participants are ready to work in this critical sector.

WHAT WE DO

Demystifying Semiconductors
The first in-depth semiconductor webinar series delivered entirely in Vietnamese

VISEMI Chip Chat
Video podcast carrying insider stories from global Vietnamese semiconductor experts

Cất Cánh (Takeoff) Fellowship
Six-month accelerator and multi-tier scholarship launching Vietnamese STEM students into top global MS and PhD programs, plus Cất Cánh Pathway, its free bilingual public workshops on study destinations and application skills
